SIEMENS VDO

Marketing Note: HMN11 Siemens CR Pump Repair

Dear Distributor,

We are pleased to announce the approved Siemens VDO Diesel Repair Service (DRS) network requirements for the testing of Siemens CR pumps with Hartridge™ test equipment.

Test Equipment Requirements

In addition to the AVM2-PC Test Stand (20HP), HB378 CR Base Kit and HF1130 All Makes CR Pump Test, the approved mandatory requirements are as follows;

Part No.	Product Description	List price
HB374	MAGMAH™ Software Upgrade & Options Dongle	£154.67
HF1134	Siemens CR Pump Kit (Pump Part Number 5WS40018)	£628.52
HF1136	Siemens CR Pump Kit (Pump Part Numbers 5WS40008; 5WS40163; 5WS40019)	£1736.11
ADC298	ADC298 Lubricated Drive Coupling (Pump Part Numbers 5WS40163; 5WS40019)	£1997.55
HB392*	Subscription Based Siemens Dongle and Test Plan Data Disc	£2150.00**

*Please note that the subscription renewal for the Siemens dongle is required every 12 months and a daily reminder for the renewal will appear on the AVM2-PC screen from the installation date.

**Please note that the list price for the subscription based Siemens dongle and test plan data disc is for the initial subscription only and the list price for the first renewal of the subscription is £450.00.

PC Requirements

When adding any of the above new test equipment to an AVM2-PC, there is a minimum PC specification required for using MAGMAH™;

- 10GB Hard Drive
- 128MB RAM (256MB RAM recommended for further expansion)
- 800MHz Processor
- CD-ROM Drive
- 3.5" 1.44MB Floppy Disc Drive (or 'virtual' floppy disc drive a: on USB memory stick)
- 2 x RS232 Serial Ports (or USB to 2 x RS232 adaptors)
- 1 x Parallel Port
- 2 x Spare USB Ports
- Microsoft Windows 2000 or XP (Home or Professional editions)
- MS Internet Explorer v5.0 (or later)
- Windows AVM2-PC User Account

If the AVM2-PC does not meet the above specification, the MAGMAH™ software will **not** install correctly and it will **not** be possible to run the new Hartridge™ test equipment.

A PC is available from Hartridge™ that meets/exceeds the above specification;

Part No.	Product Description	List price
8689283	PC Upgrade***	£1398.77

***PC specification available upon request.

Order/Delivery Process

The order/delivery process is as follows;

1. Siemens VDO appoint DRS and inform Hartridge™ of the company name and address.
2. Hartridge™ inform the distributor in the respective territory of the newly appointed Siemens VDO DRS.
3. The DRS contact the distributor to place order for Hartridge™ test equipment and HB392 subscription based Siemens dongle and test plan data disc.
4. The distributor places order with Hartridge™.
5. Hartridge™ supply the products to the distributor who oversees successful installation at the Siemens VDO DRS.
6. For the duration of the HB392 subscription, Hartridge™ supply test plan updates free of charge to the DRS through the distributor.
7. Siemens VDO DRS renew the HB392 subscription through the Hartridge™ distributor 12 months after the initial installation.
8. Hartridge™ supply new subscription dongle and new test plan data disc valid for a further 12 months to the DRS through the distributor.

Please note that all prices given above are net, ex works, excluding packaging and handling and are subject to change.

Should you require any further information, please do not hesitate to contact your Territory Manager.

Best wishes,

Michelle Russell
